

Truma Combi

The Industry Original

Truma introduced the Combi to the RV industry in 2007, the first RV furnace of its type. Since then, Truma has continued to innovate and evolve this heating technology. Hot air and hot water from one smart appliance provide the comforts of home while out on the road. The water tank is integrated into the furnace, providing hot water while it produces hot air.

The ducted furnace delivers heat throughout the RV for a pleasant indoor climate. Warm air flows from strategically placed outlets throughout the RV. The Truma Combi heater is almost silent and extremely economical to run.

Unique Features

- Near-silent operation
- Lightweight and space-saving solution
- Maintains constant temperature throughout the RV
- Highest-available energy-efficiency over 90%

Available Models

- Truma Combi eco
- Truma Combi eco plus
- Truma Combi comfort plus
- Truma Combi D comfort plus
- Truma Combi G (NEW in Summer 2024)

“Simply Better” is...

- The original 2-in-1 furnace and water heater
- Multiple fuel options
- German-engineered for reliable performance

--	-------	---------	---

Mixed mode

Fuel + Electric

Truma Combi eco plus (max.)	7,500 BTU/h (2.2 kW) + 1,700 W
Truma Combi comfort plus (max.) Truma Combi D comfort plus (max.)	14,300 BTU/h (4.2 kW) + 1,700 W

Hot Water System

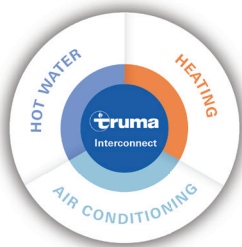

Capacity of hot water tank	2.64 gallons (10 liters)
Water heating time from 59 °F (15 °C) to 140 °F (60 °C)	approx. 23 minutes in hot water mode (measured according to EN 15033)

Weight (without water and without peripheral equipment)

Truma Combi eco	35.1 lbs. (15.9 kg)
Truma Combi eco plus Truma Combi comfort plus	37.0 lbs. (16.8 kg)
Truma Combi D comfort plus	37.3 lbs. (16.9 kg)

Dimensions

20.6" W x 11.8" H x 18.3" D (523 mm x 300 mm x 465 mm)

Two Systems, Complete Comfort

Truma Combi owners are just one step away from achieving complete comfort. You can already manage your heat and hot water with one appliance, controlled by the CP plus panel. Now you can upgrade your RV with a brand new Truma Aventa rooftop air conditioner with its own dedicated wireless remote control.
